decks of cards and paid more than a million dollars in taxes. In the year they used 38,605,777 decks and paid it seems from the tax figures. The nearly two million in taxes at a rate girls there are still of the modest. of eight cents a deck.

Art lovers are the only class upon little perfumery, cosmetica and tollet the list who restrained their desires and purchased in smaller quantity or but a light business in bottled mediamount. Returns to the government cines. All of the Green Mountaineers, men, women and children, spent less than \$25,000 in the last fiscal year for perfumes, cosmetics and medicinal preparations of all the patent varieties from salve to pills or the revenue man was cheated.

New York City spent something like twelve and a half million dollars. Just what part represents cosmetics and perfumes for Broadway choruses and just what part is pills, salves, medicines, including Horke Vino and others, can not be determined, because the 'tems are not segregated.

New York City's soft drink bill is staggering. The city is undoubtedly the wettest spot on earth, without any reference to Mr. Volstead. Tax returns show that upward of a billion and a half dollars were spent for soft drinks over fountains and near beer bars. Chicago was a good second in this re-

Government Helping Women in More Serious Problems.

Although the government is interested in foibles of American women, attention is also given to the more substantial things affecting the sex. In the Department of Agriculture scores of experts are at work to assist the American housewife solve her prob-lems. One group of men and women are continuously experimenting with methods of preserving and canning vegetables and fruits. The results of their experiments are published in pamphlet form, which may be had for the asking, or at times a small fee, by any woman in the United States.

The department's investigations are to reach millions of women with the
